RE: The channels of reporting fraudulent and Corrupt Activities

The City of Johannesburg has a **zero-tolerance approach to Fraud, Theft, Corruption, Maladministration, and Collusion** by suppliers with employees. To reinforce this commitment, more channels have been added to report any Fraudulent and Corrupt activities.

Instances of corporate fraud and misconduct remain a constant threat to service delivery. The City of Johannesburg took a resolution to adopt strategic interventions aimed at combating fraud and corruption. The City took a decision to centralized the reporting of fraudulent and corrupt activities through the establishment of an independent fraud hotline which is managed by independent service providers.

All people doing business with the Johannesburg Development Agency are encouraged to report any corrupt or illegal practice.

Employees are encouraged to report fraud, waste or other concerns suggestive of dishonest or illegal activities.

Anyone can report fraudulent and corrupt activities through one of the following channels:

- Toll free number0800 002 587
- Toll free Fax 0800 007 788
- SMS (charged @ R1.50)32840
- Email Address anticorruption@tip-offs.com

1. **INTRODUCTION**

The Johannesburg Development Agency (JDA) is tasked with implementing BRT Infrastructure. For this bid it is related to the Bus Depots. They are in the Lombardy West area. As well as the Selby site. The depots have been under construction and portions of them have been completed. With mainly bus parking area. As well as associated services equipment and fittings in both depots.

The invitation to bid is extended to all experienced and qualified service providers are required to provide a PSIRA Registered security services for the two locations. According to stipulations that will be further outlined in the bid proposal document.

The service provider will be required to conduct active patrols for the duration of the appointment, which will involve both normal office hours and after hours (day and night shifts) including on public holidays, for the thirty-six months (36) months. The assignment will not be limited to the stated monitoring services of the premises and its buildings. But to also cater for guarding against vandalism, theft and unauthorized intrusions. With an element of prevention of invasion of the infrastructure that has been developed. As well as crowd control capabilities. As well as effecting immediate removal of illegal occupation that can occur, which the sites are exposed to. This might often necessitate the need for back-up man power to be made available at short-notice. Which the appointed security company should be in a position to arrange for.

The depots are currently at completion stages of construction. With some areas not affected by the construction. For the Alexandra depot site there are two defined areas of control to be overseen which are across the road from each other.

The services should be cost effective as well as of the best quality. It is expected that the service provider implements best practices in all aspects of service delivery and that all of security personnel are adequately trained to fulfil their functions to a high standard.

The successful service provider must comply with Covid 19 regulations and is required to provide on a regular basis personal protective equipment (PPE) for its security personnel on site consistently according to the Health and Occupation standards.

2. **SCOPE OF WORK**

2.1 **Operational and Physical Security required for Alexandra depot**

- 10 x security guards day shifts
- 10 x security guards night shift
- 1 x site supervisor day shift
- 1 x site supervisor night shift

2.2 **Operational and Physical Security required for Selby depot**

- 10 x security guards day shifts
- 10 x security guards night shift

- 1 x site supervisor day shift
- 1 x site supervisor night shift

2.3 Supervisor and Security Team

The appointed Security Company must avail a competent and qualified Security professional to fulfil the role as interface between the security company and the JDA responsible personnel.

The Security supervisor will be responsible for the following:

- Must be on-call availability for security management of incidents occurring throughout the 24hrs cycle
- Be aware of security environment around the sites responsible for and advise the JDA of any adverse situation
- Advise the JDA of any significant deterioration of the security environment and in consultation with the JDA recommend actions to minimise risk
- Maintain liaison with local crime prevention, South African Police services, local stakeholders and other security companies in the precinct.
- Immediately notify the coordinator of all known major incidents, physical violence or assaults and Co-ordinate site security in line with the requirements of the JDA. In accordance with direction provided to secure the facilities
- Compile monthly reports of incidents that take place in the precinct and conduct monthly meetings and ad-hoc meeting should a need arise,
- Ensure that security personnel are well presentable. To be in full branded uniform to cater for all types of weather conditions.
- Ensure 100% attendance and on time arrivals on duty of all security personnel for the day and night shift. As well as contingency plans to be in place to address any short-comings that might arise. To meet this stipulation.
- Ensure adequate suitable security equipment and resources on and off site.

Security Team

The security personnel are expected to actively monitor the site through walkabouts, linkages to control room and law enforcement services for infringements. Plus any breach of the perimeter of the defined depots sites. As well as any other risks that will be identified in the assessment of potential threats around the various sites.

- Render effective access control for the active facilities under security management
- The security guards on duty will be required to clock in at hourly intervals through a mechanism that the security company must put in place.
- Provisioning of an Area base radio station to communicate with the control center must be supplied and operated by the guards.
- Security personnel must initiate corrective actions when incidences occur, emergencies or other unlawful activities. These actions may include but are not limited to notifying the South African Police Services, Emergency services, JMPD, the JDA etc.
- The bidder must provide an occurrence book
- Ensure monitoring the peripheral areas and activities that could affect the depots sites.
- A security vehicle is required

2.4 Deployment plan

The indicative deployment plan is outlined below. To also be finalized at the inception of the successful bidder(s). However the JDA reserves the right to reallocate security within the precinct to best meet the safety objectives in the area: *Site Supervisor must Patrol all Posts at regular intervals during each shift.*

6.3 Price and Empowerment

Having completed a technical evaluation, the procedure for the evaluation of technically qualifying tenders is Method 2 (Price and Preferences). The Preference Point System assigns a score to each tenderer based on the tender price and on the tenderer's BBBEE status. These scores are combined to determine an overall score for the tender. The tender with the highest score will be considered for acceptance.

The Preference Point System will be applied as follows:

The below will apply to the services required for this project (80:20)

- For tenders up to R 50 million
 - 80 points are assigned to price
 - Up to 20 points are assigned to BBBEE status per the table under item 7.3.1
- Points scored will be rounded off to the nearest 2 decimal places
- Bidders are to note that JDA does not bind itself to accept the lowest priced bid.

7.3.1 Points awarded for BBBEE status level

Having completed a technical evaluation, points will be awarded for empowerment (BBBEE), in accordance with the Preferential Procurement Regulations 2017 published in Government Gazette No. 40553 dated 20 January 2017. The following table is applicable in this regard:

B-BBEE Status Level Of Contributor	Number of Points
	Tenders up to R50 million
1	20
2	18
3	14
4	12
5	8
6	6
7	4
8	2
Non-Compliant contributor	0

Notes:

- 7.3.1.1 "B-BBEE status level of contributor" means the B-BBEE status received by a measured entity based on its overall performance using the relevant scorecard contained in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act (Act No.53 of 2003).
- 7.3.1.2 Tenderers must submit their original and valid B-BBEE status level verification certificate substantiating their B-BBEE rating. Certificates or certified copy issued by either verification agencies accredited by the South African Accreditation System (SANAS) or by registered auditors approved by the Independent Regulatory Board for Auditors (IRBA) are acceptable. **FAILURE TO SUBMIT A BBEE STATUS LEVEL CERTIFICATE WILL RESULT IN THE BIDDER SCORING ZERO (0) POINTS FOR BBEE.**
- 7.3.1.3 An EME must submit a sworn affidavit confirming the following:
- Annual Turnover Revenue of R10 million or less; and
 - Level of Black ownership
 - Any misrepresentation in terms of bullet point above constitutes a criminal offence as set out in the B-BBEE Act as amended.
- 7.3.1.4 The submission of such certificates must comply with the requirements of instructions and guidelines issued by the National Treasury and are in accordance with notices published by the Department of Trade and Industry in the Government Gazette.
- 7.3.1.5 A trust, consortium or joint venture will qualify for points for their B-BBEE status level as a legal entity, provided that the entity submits their B-BBEE status level certificate.
- 7.3.1.6 A trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate tender.
- 7.3.1.7 A person will not be awarded points for B-BBEE status level if it is indicated in the tender documents that such a tenderer intends sub-contracting more than 25% of the value of the contract to any other enterprise that does not qualify for at least the points that such a tenderer qualifies for.
- 7.3.1.8 A person awarded a contract will not be permitted to sub-contract more than 25% of the value of the contract to any other enterprise that does not have an equal or higher B-BBEE status level than the person concerned.
- 7.3.1.9 No tender will be awarded to a bidder whose tax matters are not in order with SARS.
- 7.3.1.10 No tender will be awarded to a bidder who is not registered on CSD.
- 7.3.2 Formula for scoring tender price

The following formula will be used to calculate the points for price.

$$P_s = X \left[1 - \frac{(P_t - P_{min})}{P_{min}} \right]$$

Where

P_s = Points scored for comparative price of tender under consideration

P_t = Comparative price of tender under consideration

P_{min} = Comparative price of lowest acceptable tender

X = **Points** assigned to price

7.3.3 The total preference points for a tender are calculated with the formula

$PP = P_s + P_{bee}$ Where

PP is the total number of preference points scored by the tenderer

P_s is the points scored for the comparative price of the tenderer, and

P_{bee} is the number of points awarded to the tenderer based on his certified B-BBEE status level.

7. Risk Tolerance

The JDA has adopted a Risk Tolerance Framework (RTF) which enjoins the JDA to consider its risk exposure to contractors / service providers in terms of the number of contracts awarded to a single contractor / service provider in a particular year.

In terms of the Risk Tolerance Framework, the JDA determines the risk exposure as excessive in instances where the value of the contracts are:

- The greater of R 8million or four contracts / projects in the current financial year or
- The greater of R12 million or six contracts / projects over two financial years (current year and previous financial year).

A risk analysis shall be undertaken on the bidder with the highest number of points obtained, to determine whether the tenderer does not exceed the JDA's risk framework criteria as stated above. In other words, whether it falls within the ambit of the Risk Tolerance Framework as acceptable.

JDA reserves the right to award a contract to a bidder who has exceeded the threshold as stated above.

Bidders will be requested to attend interview should there be a need for clarity.

The validity period of the tender is 90 days.

8. CLOSING DATE, TIME AND VENUE FOR SUBMISSIONS

The completed tender document shall be placed in a sealed envelope.

Bearing the words:

“RFP - PROVISION OF SECURITY SERVICES FOR BRT INFRASTRUCTURE FOR A PERIOD OF THIRTY-SIX (36) MONTHS”.
